The LIVE Concept

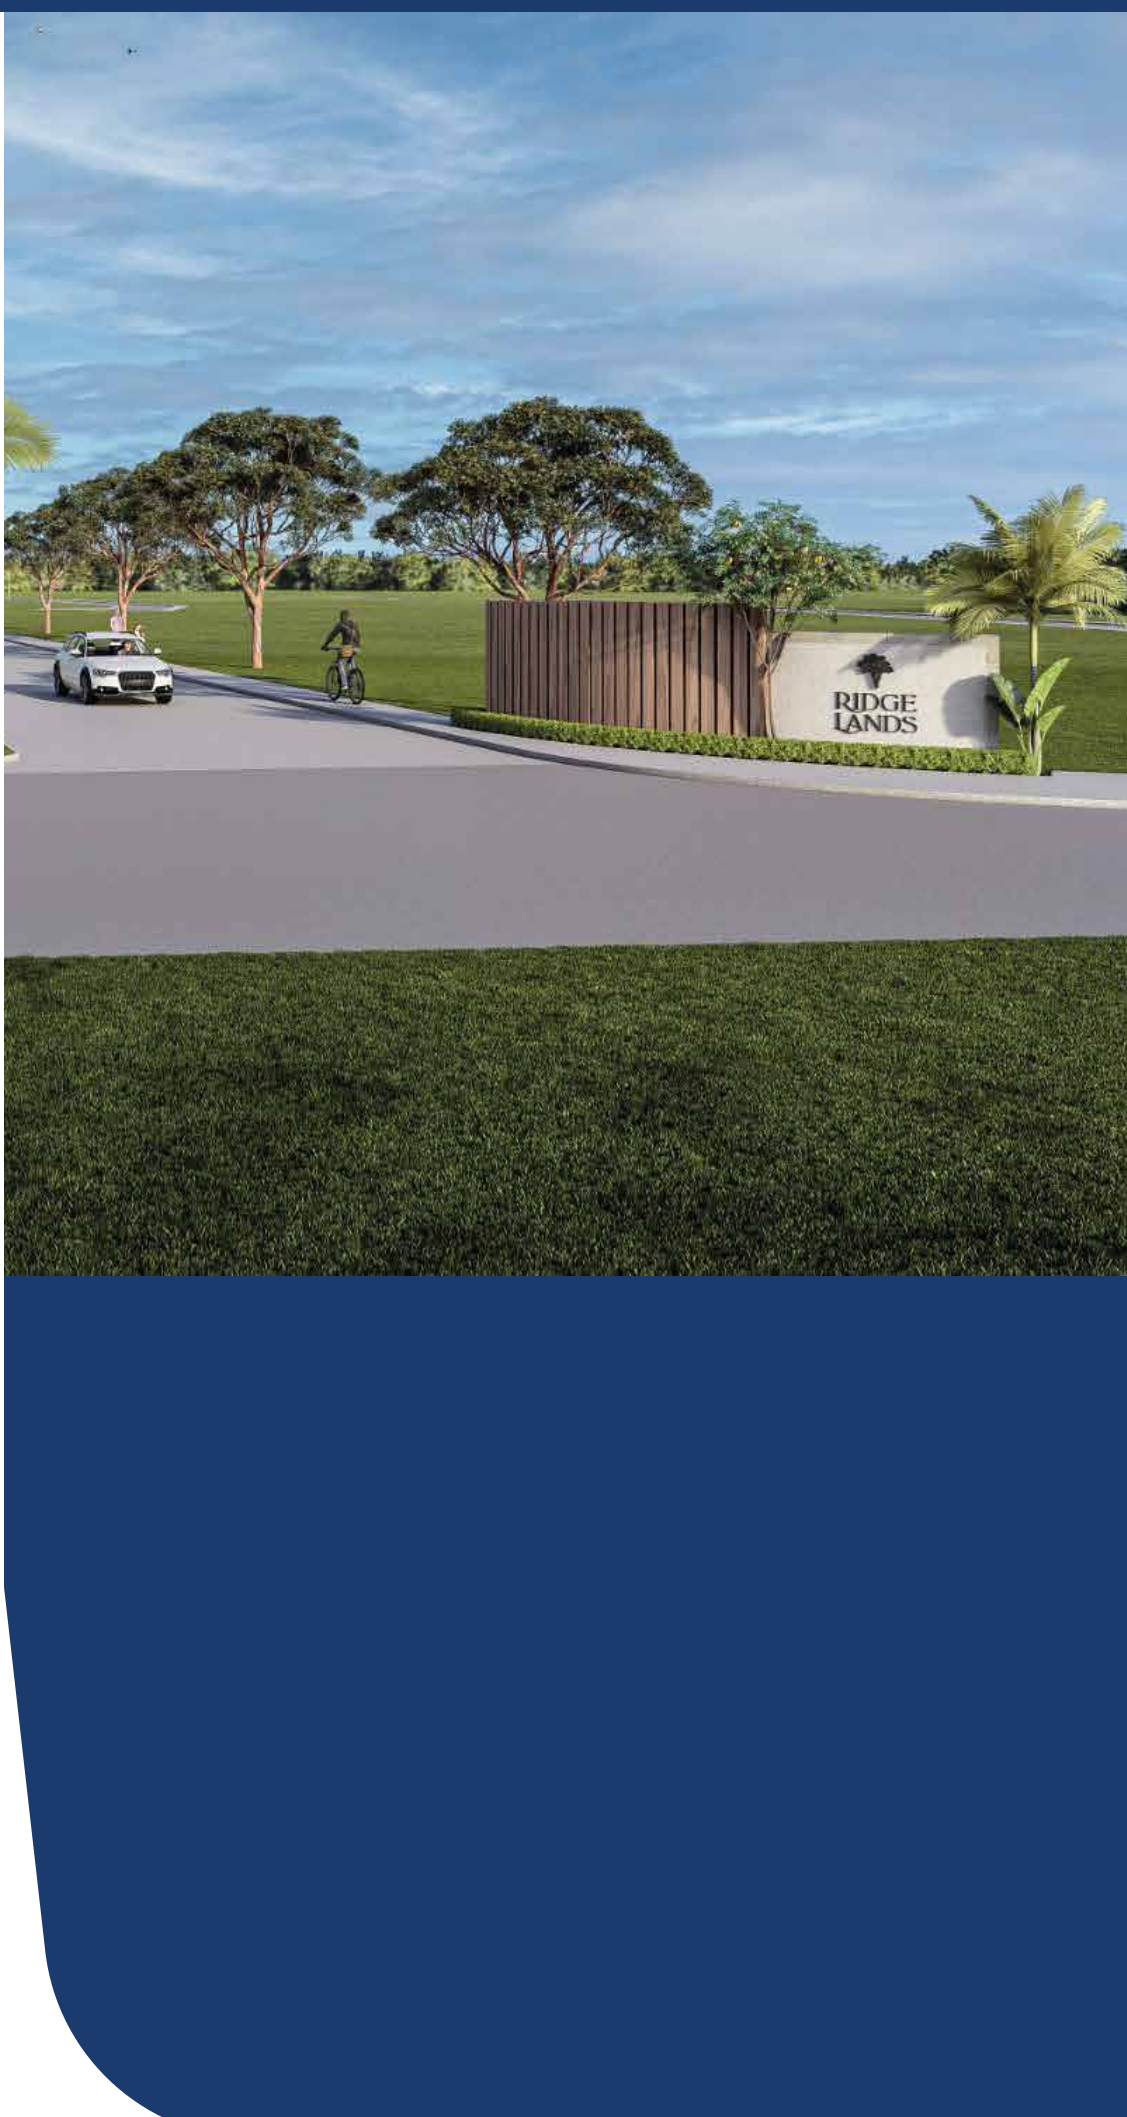

The concept of LIVE—Lea, Ivy, Vista, and Eden—emerged as a unifying theme that encapsulates the essence of the development. Each name reflects the harmony of contemporary design, thoughtful planning, and the wellness-focused outdoor lifestyle that defines Ridgeland. Together, they form a shared narrative that fosters individuality within the context of a connected, vibrant community. This balance of unique identities and collective spirit is at the heart of what makes Ridgeland a place to truly LIVE.
